INDEX TO VOLUME XXV

Page numbers preceded by " (P) " refer to the summaries of symposia and papers at the Spring and Summer Meetings of the Thoracic Society

A

N-Acetylcystein and 2-mercaptoethane sulphonate nebulized with isoproterenol, clinical and physiological evaluation as mucolytic agents in chronic bronchitis, 737

ADEYOKUNNU, A., see Seriki, O., Adeyokunnu, A., and De La Cruz, T. O.

Air pollution and exacerbations of bronchitis, 525

Airflow obstruction, chronic, relation between spirometric measurements and arterial blood gas levels allergic, 110

Airway closure and respiratory impairment in untreated idiopathic scoliosis, 451 conductance changes after cigarette smoking, repeatability of measurements and effect of various filters, 418

obstruction, chronic, clinical features in, relation to sensitivity to carbon dioxide, 150

obstruction, chronic, relation between physical signs and clinical and physiological pattern of, 285

resistance changes, acute, in children, exercise studies of (P), 258

Allergic alveolitis in coffee workers, 399

alveolitis in mushroom workers, 25

aspergillosis and aspergilloma, inhalation experiments with A. fumigatus extracts in, 11

ALPERS, J. H., see Clarke, B. G., Guyatt, A. R., Alpers, J. H., Fisher, C. M., and Hill, I. D.

Alveolar duct system, microanatomy of, 141

epithelium, pulmonary, phagocytic potential of, and surfactant metabolism, 110

macrophages, enzyme activity of, effect of sulphur dioxide in rats, 612

microlithiasis, pulmonary, with involvement of sympathetic nervous system and gonads, 637

dysproteinosis, pulmonary, experimental, pathogenesis of, 230

Alveoli and pulmonary arteries, growth in childhood, 669

Alveolitis, allergic, in coffee workers, 399

allergic, in mushroom workers, 25

fibrosis, and polyimyositis, 504

Ampicillin levels in sputum, serum and saliva, 304

Amyloid nodules, solitary, in lung, 382

Anaerobic infection, mixed, destructive pulmonary disease due to, 41

Anaesthesia for prolonged bronchoscopy, 540

Ancrod, prevention of thrombosis on prosthetic heart valves by, 472

ANDRE-BOUGARAN, J., see Bignon, J., Andre-Bougaran, J., and Brouet, G.

Aneurysm, aortic, dissecting, with disseminated aspergillosis, 702

Aorta, ascending, cannulation of, for open heart surgery, complications of, 604

coarctation of, 347

coarctation of, bilateral pulmonary varicosities associated with, 97

coarctation of, management in first six weeks of life, 413

thoracic, ruptured, repair using left ventriculo-aortic support, 213

Aortic aneurysm, dissecting, with disseminated aspergillosis, 702

arch, congenital interruption of, and ventricular septal defect, total correction of, 615

insufficiency and prolonged atrio-ventricular conduction, 577

root, hypoplasia of, and problem of aortic valve replacement, 339

valve prostheses with fascia lata, design and construction of, 436

valve replacement, central flow tilting disc valve for, 439

Arterial and venous circulation in animals and man, effect of respiratory obstruction, 1

bleed, gas analysis and spirometric measurements, relation between, in chronic airflow obstruction, 598

embolism, early open mitral valve surgery after, 325

Arthritis and arthralgia in Mycoplasma pneumoniae infection, 748

Asbestos exposure and pleural abnormalities (P), 510

Asbestosis in dockyard workers (P), 510

ASHERSON, G. L.: Experimental background to immunity deficiency states (P), 254

Aspergillosis, disseminated, complicating dissecting aortic aneurysm, 702

pulmonary, necrotizing, 691

Aspergillus fumigatus extracts, inhalation experiments in allergic aspergillosis and aspergilloma with, 11

fumigatus infection of pleura, 245

mycetoma, fever in, 19

Asthma, bronchial, and chronic obstructive bronchitis, comparison of pulmonary function in, 101

bronchial, pulmonary function in status asthmaticus and effect of therapy, 581

exercise tests in children with, clinical value of (P), 258

Atrial septum, translocation of, 499

Atrio-venous junctions, myocardial fibres of, and sleeves over pulmonary and caval veins in various mammals, 317
INDEX

Atrio-ventricular conduction, prolonged, and aortic insufficiency, 577
Atrium, left, giant, 190
left, pressure, need for measurement after cardiac valve surgery, 185
myxoma of, with saddle embolus, in child, 634
