### **Course on respiratory medicine: applied pharmacology and treatment**

A course on applied pharmacology and treatment in respiratory medicine will be held at the Royal Postgraduate Medical School from Monday 25 April to Friday lunch-time 29 April 1983. The course is intended for those with a strong interest in respiratory medicine who want an update on treatment. The fee (including catering) is £100 for home students and members of the EEC and £375 for overseas students. Application forms and provisional programme from the School Office (SSC), Royal Postgraduate Medical School, Hammersmith Hospital, Du Cane Road, London W12 0HS (01-743 2030 ext 351).

### **Fourth World Congress on Bronchoesophagology**

The Fourth World Congress on Bronchoesophagology, arranged by the International Bronchoesophagological Society, the Swedish Otolaryngological Society, and the

Swedish Society for Pulmonary Diseases, will be held at the Foresta Conference Center, Stockholm, on 20–23 June 1983. The programme will include sessions on biopsy methods, diagnosis, management, anaesthesia, laryngo-tracheal injuries, bronchopulmonary complications of gastroesophageal disorders, and mucociliary activity in obstructive lung disease, and also free communication papers and an exhibition. Further information from IBES Congress 1983, c/o RESO Congress Service, S-105 24 Stockholm, Sweden (tel +46 8 20 1662; telex 17639 (Resohbcs); cable Folkreso).

## Correction

### **Sputum and ciliary inhibition in asthma**

In the paper by Drs MJ Dulfano and CKA Luk (September, pp 646–51) “white blood” should be deleted at the end of the last footnote to table 1.
