PAPER BY HORVATH ET AL
(THORAX 2003;58:68–72)
In the paper entitled “Comparison of exhaled and nasal nitric oxide and exhaled carbon monoxide levels in bronchiectatic patients with and without primary ciliary dyskinesia” by I Horvath, S Loukides, T Wodehouse, et al published in the January 2003 issue of Thorax (2003;58:68–72), there was an error in the labelling of fig 1. The correct version of the figure is printed here. The publishers apologise for this error.
