

NOTICE TO CONTRIBUTORS

THORAX is the Journal of "The Thoracic Society." It is primarily intended for the publication of original work on diseases of the chest and relevant anatomical and physiological studies. Original contributions may be submitted to the Editors by workers who are not members of the Society. The journal is published quarterly.

All papers submitted for publication and all other editorial matters should be referred to one of the Editors, whose names and addresses are as follows:—

J. G. Scadding, F.R.C.P., Brompton Hospital, London, S.W.3.

N. R. Barrett, F.R.C.S., Dept. of Surgery, St. Thomas's Hospital, London, S.E.1.

Papers may also be sent, in the first instance, to any member of the Editorial Committee.

Papers are accepted on the understanding that they are subject to editorial revision and that they are contributed to this journal only. Adequate reference should be made to previous work on the subject of the paper. A summary of observations and conclusions must be given. A paper describing a single case will not generally be accepted unless the case is rare, or shows important features which have not been previously described, or has been made the subject of special observation or experiment.

Papers sent for publication must be typewritten on one side of the paper only, with double spacing and with a margin of at least $1\frac{1}{4}$ in. Where half-tone reproduction of radiographs is required authors should submit *positive* prints and satisfy themselves that the appearances which they desire to demonstrate are shown clearly on the prints. If the Editors consider that the prints are likely to be unsatisfactory in reproduction they may ask for the original films. Photographs and photomicrographs should be printed on glossy paper, and should be larger than the size desired for reproduction; they should be submitted unmounted, and lettering, when required, should be indicated on tracing paper fixed over the print. Drawings and diagrams should be done in black ink on tracing linen, Bristol board, or stout, white paper. Any lettering on these drawings should be lightly inserted in pencil. Legends should be typed on a separate sheet of paper.

References should be arranged according to the Harvard system. If the reference is to a book, the place of publication, the number of the edition, and the page number should be given. In the text the year of publication must follow the author's name, more than one paper in any one year being indicated by a small letter (a, b, c) after the date. No numbering of references is necessary. At the end of the paper references should be arranged in the alphabetical order of the authors' names. The reference details should be given as follows: author's name, initials, year of publication (in parentheses), title of periodical (in italics, abbreviated according to the *World List of Scientific Periodicals*), volume number (bold type, Arabic numerals), and first page number (ordinary type, Arabic numerals), thus: Dunn, C. W. (1940). *J. Amer. med. Ass.*, 115, 2263.

Contributors will receive one proof in page, but it is assumed that all but verbal corrections will have been made in the original manuscript; an allowance at the rate of ten shillings per sheet of sixteen pages is made for alterations in the proof (printer's errors excepted), and contributors will be responsible for any excess.

Twenty-five reprints of articles will, if desired, be provided free. A limited number of additional reprints at cost price can be supplied if application is made when returning proofs. An estimate of costs will be given on application to the Publishing Manager, British Medical Association.

Papers which have been published become the property of THORAX and permission to republish must be obtained from the Editors.

Applications for advertisement space should be addressed to the Advertisement Manager, British Medical Association, Tavistock Square, London, W.C.1.

NOTICE TO SUBSCRIBERS

Subscriptions are payable to the British Medical Association. Address: British Medical Association House, Tavistock Square, London, W.C.1. The subscription is £2 2s. 0d. a year. The cost of the journal to members of the Thoracic Society is included in their subscription to that Society.

ANY QUESTIONS?

SECOND SERIES ● THIRD SERIES—WITH CUMULATIVE INDEX

Price 7s. 6d. each (by post 8s.)

These pocket-size volumes each contain some 200 questions and expert answers from the "Any Questions?" pages of the *British Medical Journal*. Each answer has been chosen for its practical value to doctors in their day-to-day work. Many deal with subjects not covered in the standard text-books.

The third volume has a cumulative index to all the answers appearing in the three books in the series.

Obtainable from booksellers or by post from Publishing Manager
