

THORAX

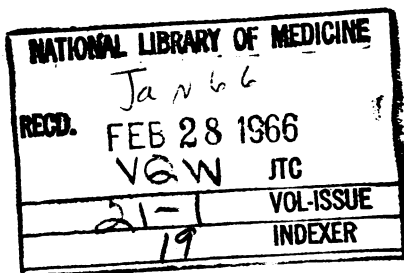

EDITED FOR
THE THORACIC SOCIETY

(President, KENNETH ROBSON)

BY

N. R. BARRETT
A. JOHN ROBERTSON

CONTENTS

	PAGES
Development and Treatment of Fresh Lung Carcinoma after Successful Lobectomy. R. ABBEY SMITH.....	1
Rupture of the Trachea and Bronchi by Closed Injury. J. T. CHESTERMAN and P. N. SATSANGI.....	21
Rupture of the Bronchus. R. LARIZADEH.....	28
Cytodynamics in the Respiratory Tract of the Rat. R. G. SHORTER, J. L. TITUS, and M. B. DIVERTIE.....	32
Anticoagulants and Mitral Valvotomy: a Nine-year Survey. S. F. STEPHENSON..	38
Mitral Valvotomy and Embolism. G. BAKOULAS and K. MULLARD.....	43
Repeatability of Respiratory Data in the Individual Subject. L. DAVIDSON....	47
Cineradiography in the Post-operative Control of a Starr Aortic Valve Prosthesis. L. BJÖRK and V. O. BJÖRK.....	48
Simple Methods for Improving the Value of Oximetry in the Study of Pulmonary Oxygen Uptake. S. LAL, T. GEBBIE, and E. J. M. CAMPBELL.....	50
Effects of Opiates in Chronic Bronchitis. W. D. MURRAY and I. W. B. GRANT..	57
Reflux Oesophagitis Secondary to Duodenal Diaphragm in an Adult. G. W. JOHN- STON and H. M. STEVENSON.....	65
Symptomatic Hiatus Hernia: A Study of the Pyloro-duodenal Region and the Rationale of Vagotomy in its Treatment. H. W. BURGE, A. M. GILL, C. D. T. MACLEAN, and R. H. LEWIS.....	67
Kinking of the Aorta with Calcific Aortic Valve Stenosis. T. IZUKAWA.....	75
Technetium-99m in the Diagnosis of Left-to-right Shunts. J. M. CLARKE, T. DEEGAN, C. S. MCKENDRICK, R. J. T. HERBERT, and W. KULKE.....	79
Pulmonary Atresia with Left Ventricular-Right Atrial Communication: Basis for 'Circular' Shunt. K. L. JUE, G. NOREN, and J. E. EDWARDS.....	83
Hepatic Damage Following Profound Hypothermia and Extracorporeal Circulation in Man. D. P. E. KINGSLEY.....	91

Pulmonary Atresia with Left Ventricular-Right Atrial Communication: Basis for 'Circular' Shunt. K. L. JUE, G. NOREN, and J. E. EDWARDS	83
Hepatic Damage Following Profound Hypothermia and Extracorporeal Circulation in Man. D. P. E. KINGSLEY	91

No. 2. *MARCH*, 1966

The Future of Thoracic Surgery. P. R. ALLISON and LESLIE J. TEMPLE.....	99
Aspiration Pneumonia and Dysphagia after Technically Successful Repair of Oesophageal Atresia. A. R. CHRISPIN, G. W. FRIEDLAND, and D. J. WATERSTON	104
Spontaneous Rupture of the Oesophagus. Is Conservative Treatment Ever Justified? S. MOVSAS..	111
Transplantation of Human Homograft Aortic Valve. M. PANETH and M. F. O'BRIEN.....	115
Aortic Ball Valve Resistance. V. O. BJÖRK, Å. GRENVIK, P. HERZOG, and M. H-SON HOLMDAHL ..	118
Congenital Coronary Artery Fistula. H. DEDICHEN, L. SKALLEBERG, and CHR. CAPPELEN, JR.....	121
Chylothorax after Closure of a Patent Ductus Arteriosus. M. S. GOTSMAN.....	129
The Beginning of the End of the Increase in Mortality from Carcinoma of the Lung. V. H. SPRINGETT	132
The Management of Spontaneous Pneumothorax. C. V. RUCKLEY and R. J. M. MCCORMACK.....	139
Conservative Management of Spontaneous Pneumothorax. P. STRADLING and G. POOLE.....	145
Blood Volume and Haemodilution in Extracorporeal Circulation: Changes during Perfusion. H. GUHA and J. C. A. RAISON.....	150
Pulmonary Valve Stenosis Without Ventricular Septal Defect: Results of Surgery. M. V. BRAIMBRIDGE, C. M. OAKLEY, H. H. BENTALL, and W. P. CLELAND.....	164
Cor Triatriatum. L. K. LACQUET, J. A. LOS, J. NAUTA, and A. G. BRGM.....	175
Intrathoracic Carotid-body Tumour (Chemodectoma). D. J. B. ASHLEY and C. J. EVANS.....	184
Intrathoracic Hibernoma. A. D. MORGAN, E. M. JEPSON, and J. D. BILLIMORIA.....	186
Pedunculated Haemangiopericytoma Attached to the Thoracic Aorta. W. K. BLENKINSOPP and J. T. HOBBS	193

CONTENTS

No. 3. MAY, 1966

	PAGE
Arteriovenous Shunts in the Peripheral Pulmonary Circulation in the Human Lung. C. E. TOBIN....	197
A Non-chromaffin Paraganglioma of the Lung. H. MOSTECKÝ, J. LICHTENBERG, and M. KALUŠ....	205
Bronchiolitis Fibrosa Obliterans. H. S. BAAR and J. GALINDO.....	209
Changes in the Fibrinolytic System Components During Extracorporeal Circulation. K. KAMEL, S. H. DAVIES, and R. A. CUMMING.....	215
Idiopathic Pulmonary Haemosiderosis with Myocarditis: Radio-isotope Studies in a Patient Treated with Prednisone. W. P. U. KENNEDY, D. J. C. SHEARMAN, I. W. DELAMORE, J. D. SIMPSON, J. W. BLACK, and I. W. B. GRANT.....	220
Pyopneumothorax in Rheumatoid Lung Disease. D. DAVIES	230
Aneurysm of the Ascending Aorta Presenting with Pulmonary Stenosis. M. H. YACOB, M. V. BRAIMBRIDGE, and R. G. GOLD	236
Surgical Treatment of Aneurysmal Changes in the Ascending Aorta. V. O. BJÖRK and LARS BJÖRK..	240
Yellow Nails, Lymphoedema, and Pleural Effusions. P. A. EMERSON.....	247
Primary Chondrosarcomatous Mesenchymoma of the Mitral Valve. C. S. MUIR and C. S. SEAH....	254
A Serological Study of Primary Thymic Neoplasms. B. I. HOFFBRAND.....	263
Serotonin and Embolization by Small Blood Clots in Dogs. R. MARSHALL.....	266
Muscular Hyperplasia ('Cirrhosis') of the Lung and Bronchial Dilatations as Features of Chronic Diffuse Fibrosing Alveolitis. D. DAVIES, A. MACFARLANE, C. S. DARKE, and O. G. DODGE.....	272
Proceedings of the Thoracic Society	290

No. 4. JULY, 1966

Surgical Treatment of Hiatal Hernia, with Particular Reference to the Transthoracic Subdiaphragmatic Approach. S. ZELLOS.....	295
Left Atrial Tamponade. M. H. YACOB, W. P. CLELAND, and C. W. DEAL.....	305
Ventilation and Arterial Oxygenation during Thoracic Surgery. D. HATCH.....	310
An Unusual Complication following Replacement of the Aortic Valve by the Starr-Edwards Prosthesis. B. BEDNAŘÍK, K. HOFMANN, O. MEDŘICKÝ, J. NAVRÁTIL, and O. OLEJNÍK.....	315
Percutaneous Left Heart Pressure Measurements: An Aid in the Selection of Patients for Surgery. W. H. BAIN, R. M. THOMSON, and W. A. MACKEY.....	317
Tracheopathia Osteoplastica. R. B. BAIRD and J. N. MACARTNEY	321
Mediastinal Emphysema: Aetiology, Diagnosis, and Treatment. J. M. GRAY and GILLIAN C. HANSON	325
Effect of Norepinephrine and Isoprenaline on the Airway Resistance of Patients with Chronic Bronchial Obstruction. N. ZAMEL, E. Z. FARACO, and F. M. DE FREITAS.....	333
Homograft Replacement of the Pulmonary Valve. DENIS N. FULLER, PAUL MARCHAND, MONTY M. ZION, and SAUL ZWI	337
Carcinoma of the Bronchus: Survival following Conservative Resection. S. J. MACHALE.....	343
Management of the Subclavian Steal Syndrome. P. J. MOLLOY and E. WYN JONES.....	347
Scleroma of the Trachea Associated with <i>Pseudomonas pyocyanea</i> . K. J. MURPHY.....	355
Intermittent Positive Pressure Ventilation in the Treatment of Severe Crushing Injuries of the Chest. M. AMBIAVAGAR, J. S. ROBINSON, I. M. MORRISON, and E. SHERWOOD JONES.....	359
Iatrogenic Vertebral Arteriovenous Fistula. V. O. BJÖRK.....	367
Cytological Investigation of Intrathoracic Lymph Nodes in Carcinoma of the Lung. C. ŠIMEČEK....	369
Experimental Pulmonary Embolism by Platelet Agglutinates in Dogs. R. MARSHALL and M. S. DUNNILL	372
A Pump Unit for Perfusion of the Coronary Vessels. P. J. v. d. SCHAAR, R. S. RENEMAN, and J. A. v. d. BULT	382
Closed-chest Circulatory Support by Pump-oxygenator in Experimental Ventricular Fibrillation at Normal Temperature. E. PROCTOR.....	385

CONTENTS

No. 5. *SEPTEMBER*, 1966

	PAGE
Profound Hypothermia with Prolonged Circulatory Arrest—an Experimental Study. J. B. JOHNSTON, C. USHIRO, K. H. FINLEY, and F. GERBODE.....	391
Experimental Production of Permanent Heart Block (Total or Bundle Branch Block) without Circulatory Arrest or Extracorporeal Circulation. J. WIEBERDINK.....	401
The Application of Bronchostomy to the Experimental Study of Transplanted Pulmonary Tissue. W. HEDLEY JONES	405
Tubular Gastric Herniation and Lower Oesophageal Strictures. O. CRAIG	413
A Radiological Study of the Neural Control of Oesophageal Vestibular Function. A. R. CHRISPIN and G. W. FRIEDLAND	422
A New Gastroscope with Biopsy and Photographic Facilities. Some Suggestions on How to Pass It. DONALD BARLOW	428
Racial Incidence of Carcinoma of the Bronchus in Malaya. M. R. J. SNELLING and CHOOI MUN KAM	434
Metastatic Carcinoma of the Pleura. P. C. MEYER.....	437
Transbronchial Pulmonary Biopsy. J. SMART	444
Assessment of Ventilatory Abnormality in the Asymptomatic Subject: an Exercise in Futility. BRUCE J. SOBOL	445
Surgical Treatment of Recurrent Aortic Insufficiency after Aortic Valve Replacement with the Starr-Edwards Ball Valve Prosthesis. V. O. BJÖRK.....	450
Acquired Pulmonary Atresia in Tetralogy of Fallot with a Functioning Blalock-Taussig Shunt. R. W. M. FRATER, A. M. RUDOLPH, and J. I. E. HOFFMAN.....	457
Transoperational Induced Pulmonary Atelectasis. RONALD EDWARDS	459
Infective Agents and Chronic Bronchitis. C. A. C. ROSS, S. MCMICHAEL, M. B. EADIE, A. W. LEES, E. A. MURRAY, and I. PINKERTON	461
Tension Hydrothorax—an Unrecognized Danger. K. RABINOV, M. STEIN, and H. FRANK.....	465
Multiple Hamartomata of the Lung. M. A. MADANI, C. S. DAFOE, and C. A. ROSS.....	468
Transient Pulmonary Densities Around Retained Lipiodol. A. P. ROODVOETS, J. SWIERENGA, and A. P. OEFNER	473
Proceedings of the Thoracic Society	482

No. 6. *NOVEMBER*, 1966

Debatable Points in the Anatomy of the Lower Oesophagus. G. W. FRIEDLAND, D. H. MELCHER, F. R. BERRIDGE, and G. A. GRESHAM	487
Radiological Landmarks at the Oesophago-gastric Junction. F. R. BERRIDGE, G. W. FRIEDLAND, and R. E. B. TAGART.....	499
Diffuse Oesophageal Spasm. D. R. CRADDOCK, A. LOGAN, and P. R. WALBAUM.....	511
The Expiratory Capnogram: a Measure of Ventilation-Perfusion Inequalities. B. I. HOFFBRAND.....	518
Treatment of Oesophageal Perforation. D. L. FRCGGATT and A. J. GUNNING.....	524
Fixation of Aortic Ball Valve Prosthesis (Starr-Edwards). V. O. BJÖRK and G. HULTQUIST.....	529
Mediastinal Biopsy for Indeterminate Chest Lesions. S. B. CHANDOR, E. A. STEMMER, J. W. CALVIN, and J. E. CONNOLLY	533
Immunohistochemical Localization and Bacteriostatic Properties of an Iron-binding Protein from Bronchial Mucus. P. L. MASSON, J. F. HEREMANS, J. J. PRIGNOT, and G. WAUTERS	538
Ringer-lactate Solution as a Priming Fluid for the Disc Oxygenator. C. D. G. EVANS-PROSSER, G. H. SMITH, and D. S. ROBERTSON	545
Mechanisms Determining the Behaviour of the Left Atrial Pressure during Cardioplegia. J. BRUCE JOHNSTON, G. R. PRITCHARD, and J. S. WRIGHT.....	551
Bronchial Lavage in the Treatment of Obstructive Lung Disease. H. T. THOMPSON, W. J. PRYOR, and JACQUELINE HILL	557
Tracheal Resection with Left Lung Anastomosis following Right Pneumonectomy. D. T. THOMPSON	560
Homotransplantation of the Lung in Dogs, with Special Reference to the Circulation System in the Transplant. T. J. OTTO and M. TRENKNER	564
Cholesterol Pleural Effusion in Rheumatoid Lung Disease. G. C. FERGUSON.....	577
Index to Vol. 21	583
