

INDEX OF AUTHORS: VOLUME III

A

ALLISON, P. R.: Peptic ulcer of the oesophagus, 20.

B

BARNES, C. G. (and L. Fatti and D. M. Pryce): Arterio-venous aneurysm of the lung, 148.

BROCK, R. C.: Recurrent and chronic spontaneous pneumothorax, 88.

BROWN, A. I. PARRY: Posture in thoracic surgery, 161.

C

CLELAND, W. P.: Cavernous haemangioma of the lung, 48.

CLELAND, W. P.: Haemorrhage after extrapleural pneumonolysis, 127.

D

DAVIES, H. MORRISTON: A provocative talk on pulmonary tuberculosis, 189.

E

EDWARDS, F. RONALD (and T. Cecil Gray): The anaesthetic problems associated with giant tension cysts of the lung, 237.

ELLMAN, Philip (and K. K. Hussain): Pneumopericardium complicating pneumothorax therapy, 129.

F

FATTI, L. (and C. G. Barnes and D. M. Pryce): Arterio-venous aneurysm of the lung, 148.

FOX, WALLACE: The absorption of pneumoperitoneum: a study of 33 cases, 141.

FOX, WALLACE: Dissociated paralysis of the diaphragm following phrenic crush and pneumoperitoneum, 15.

G

GLOVER, R. E. (and J. H. Humphrey, H. Joules, and E. D. van der Walt): Pneumonia in north-west London, 1942-4: II. Pneumonias not attributable to specific bacterial infection, 214.

GRAY, T. Cecil (and F. Ronald Edwards): The anaesthetic problems associated with giant tension cysts of the lung 237.

H

HERXHEIMER, H.: Influence of costal and abdominal pressure on the action of the diaphragm in normal and emphysematous subjects, 122.

HUMPHREY, J. H. (and H. Joules and E. D. van der Walt): Pneumonia in north-west London, 1942-4: I. Bacterial pneumonias, 112.

HUMPHREY, J. H. (and R. E. Glover, H. Joules, and E. D. van der Walt): Pneumonia in north-west London, 1942-4: II. Pneumonias not attributable to specific bacterial infection, 214.

HUSSAIN, K. K. (and Philip Ellman): Pneumopericardium complicating pneumothorax therapy, 129.

J

JENNINGS, G. H.: Lung alveolar tumours: a report of two cases, 174.

JOULES, H. (and J. H. Humphrey and E. D. van der Walt): Pneumonia in north-west London, 1942-4: I. Bacterial pneumonias, 112.

JOULES, H. (and R. E. Glover, J. H. Humphrey, and E. D. van der Walt): Pneumonia in north-west London, 1942-4: II. Pneumonias not attributable to specific bacterial infection, 214.

K

KONSTAM, Micha: Extrafascial pneumothorax, 247.

L

- LLOYD, W. E. (and R. D. Tonkin): Pulmonary fibrosis in generalized scleroderma, 241.
LOGAN, A. (and H. Nicholson): Hydatid disease of the lung, 1.

M

- MCCRACKEN, Brian H.: Intra-pulmonary calcification and histoplasmin sensitivity, 45.
MULLARD, Kenneth S.: The control of haemorrhage in extrapleural pneumothorax, 233.

N

- NICHOLSON, H. (and A. Logan): Hydatid disease of the lung, 1.

P

- PRYCE, D. M. (and C. G. Barnes and L. Fatti): Arterio-venous aneurysm of the lung, 148.

R

- ROBERTS, A. T. M.: Extrapleural pneumothorax: a review of 128 cases, 166.

S

- SCADDING, J. G. (and Sheila Sherlock): Liver biopsy in sarcoidosis, 79.
SHERLOCK, Sheila (and J. G. Scadding): Liver biopsy in sarcoidosis, 79.
SUSMAN, M. P.: Treatment of pulmonary hydatid disease, 71.

T

- THOMPSON, Brian C.: Calcified foci within the thorax of English children, 43.
TONKIN, R. D. (and W. E. Lloyd): Pulmonary fibrosis in generalized scleroderma, 241.

V

- VAN DER WALT, E. D. (and J. H. Humphrey and H. Joules): Pneumonia in north-west London, 1942-4:
I. Bacterial pneumonias, 112.
VAN DER WALT, E. D. (and R. E. Glover, J. H. Humphrey, and H. Joules): Pneumonia in north-west London,
1942-4: II. Pneumonias not attributable to specific bacterial infection, 214.

W

- WOOLER, G. H.: Cardiospasm, 53.
