

PROGRESS

In The Management Of Cystic Fibrosis

creon[®] 
pancreatin

RIGHT ON TARGET – RIGHT FROM THE START

Prescribing Information – Presentation: Brown-yellow capsules containing enteric coated granules of pancreatin equivalent to: 9,000 BP units of amylase, 8,000 BP units of lipase, 210 BP units of protease. Available in packs of 100. Basic NHS price £13.33. **Indication:** Pancreatic exocrine insufficiency. **Dosage and administration:** Adults and children: Initially one or two capsules with meals, then adjust according to response. The capsules can be swallowed whole, or for ease of administration they may be opened and the granules taken with fluid or soft food, but without chewing. If the granules are mixed with food, it is important that they are taken immediately, otherwise dissolution of the enteric coating may result.

Contra-indications, Warnings, etc: Contra-indications: Substitution with pancreatic enzymes is contra-indicated in the early stages of acute pancreatitis. Warnings: Use in pregnancy: There is inadequate evidence of safety in use during pregnancy. The product is of porcine origin. Rarely cases of hyper-uricosuria and hyper-uricaemia have been reported with high doses of pancreatin. Overdosage could precipitate meconium ileus equivalent. Perianal irritation could occur, and, rarely, inflammation when large doses are used. **Product Licence Number:** 5727/0001. **Name and address of Licence Holder:** Kali Chemie Pharma GmbH, Postfach 220, D-3000, Hannover 1, West Germany.

WRIGHT VENT

- the latest addition to the WRIGHT

THE WRIGHT VM-1 features:

- Peak Expiratory Flow (PEF)
- Forced Vital Capacity (FVC)
- Forced Expiratory Volume in first second (FEV₁)
- FEV₁/FVC Computation

The VM-1 is manufactured to the same high quality that produced the award-winning mini-WRIGHT on which it is based.

- Accurate
- Battery operated
- Reliable
- Portable
- Easy to use

A printer socket is provided.

Vitalograph - Working Towards a Caring Future

At Vitalograph, our commitment to applying innovative solutions to caring applications is total. Take the new Aerosol Inhalation Monitor. A creative product that uses proven technology to train patients in the use of metered dose inhalers. A product that's typical of Vitalograph, famous for the development and continued improvement of cost effective spirometers.

Our spirometers range from the 'feature rich' British Design Award winning Compact to the basic volumetric model, all of which meet exacting International Standards.
