

Correction: *RAGE-induced ILC2 expansion in acute lung injury due to haemorrhagic shock*

Zhang K, Jin Y, Lai D, *et al.* RAGE-induced ILC2 expansion in acute lung injury due to haemorrhagic shock. *Thorax* 2020;75:209–19.

In the original version of this article, some H&E images in Figure 8 including panel A (Hmgb1^{-/-} sham, and Rage^{-/-} sham) and panel B (Control IgY sham, Anti-HMGB1 sham, and Anti-HMGB1 HS 24h) were presented incorrectly. Figure 8 has been updated with the correct images. All the results have been rescored and reanalysed. The results previously reported as statistically significant remain unchanged. There is no associated change to the text of the article. The authors deeply regret this error.
