

Table S2. Seasonal variation in 25-hydroxyvitamin D levels according to month.

Plasma 25-hydroxyvitamin D (nmol/L)								
Month	Copenhagen City Heart Study				Copenhagen General Population Study^a			
	Median	25th percentile	75th percentile	N	Median	25th percentile	75th percentile	N
January	33	20	50	669	37	26	50	754
February	32	20	48	987	35	23	47	828
March	35	20	54	849	36	23	50	876
April	35	21	53	892	41	28	56	836
May	37	24	52	1011	39	27	50	445
June	42	29	59	910	–	–	–	–
July	45	31	60	790	43	31	55	278
August	51	36	69	886	58	45	74	1012
September	57	40	75	975	55	43	70	908
October	47	32	63	685	50	38	64	810
November	39	24	54	924	46	33	62	1001
December	34	20	49	538	39	28	52	643
Total	41	26	58	10116	44	30	60	8391

^aNote that June was not represented in the Copenhagen General Population Study, since samples were only measured from July 2004 to May 2005
